### **ALL MEMBERS OF THE INSTITUTE**

Dear Members,

In the Journal Committee meeting held on February 24, 2008, a critical discussion took place about the input in the journal containing articles, features, write-ups, other items of interest, etc. for publication in the Cost and Management. The Committee decided that the members may write articles on any of the areas—accounting, finance, trade and commerce, industry, taxation, etc. and submit to the Editor for consideration of publication.

Since, now we have to depend greatly on non-members for their contributions to be published in the journal, the Journal Committee desired that the members should be requested to contribute more to the journal in the form of articles and features to make the journal more attractive and acceptable to all of us.

As usual a reasonable amount of honorarium is paid for each contribution published in the journal.

We are expecting to have positive response from you.

Sincerely yours,

**Prof. Aminul Islam, FCMA**
